

Jonathan Lange of the Industrial Areas Foundation (IAF) will be doing a listening tour with IEA ESP members throughout the State beginning on May 20 and concluding on May 24th. He will focus on the ESPs who were delegates to this year's Representative Assembly. Jonathan's conversations will provide us with valuable information from the ESPs themselves about possibilities for supporting them. Arlene Criglar will be assisting Jonathan in setting up the one on one conversations. If you have any questions or suggestions please contact Arlene or Mike Lamb. Thanks.
